Date

August 2023

1. Primary Purpose(s) of the Position

This role will involve providing specialist psychiatric care and clinical leadership, to Lakes Children (Tamariki) and Young People (Rangatahi) Service Users (Tangata Whai Ora) and their families (whānau) as a member of a multi-disciplinary team.

This may include working across different areas of the iCAMHS services, including rural (Taupo & Turangi).

The work will involve both urgent and planned assessments as well as planning and delivering collaborative care and treatment to Tangata Whai Ora/ Service Users, in the context of their family and whānau.

The Consultant Psychiatrist is required to undertake their clinical responsibilities and to conduct themselves in all matters relating to their employment, in accordance with best practice and relevant ethical and professional standards and guidelines, as determined from time to time by:

- The New Zealand Medical Association's Code of Ethics

- The practitioner’s relevant medical college(s) and/or professional association(s).
- The New Zealand Medical Council
- The Health and Disability Commissioner; and
- Te Whatu Ora Lakes policies and procedures, except to the extent that they may be inconsistent with any other provision of this Agreement.
- To ensure provision of efficient Mental Health & Addictions services to the community served by the Mental Health & Addiction Services.
- To facilitate clinical guidance and instruction for the staff of the Mental Health & Addictions Service relating to medical matters
- To assist in the instruction, monitoring and advising of Registrars and Junior Medical Officers employed by the Mental Health & Addiction Service and other relevant services in the district of Mental Health policies and procedures.

The role will require knowledge and application of the Lakes Mental Health & Addiction Service Model of care “**Te Ara Tauwhirotanga - Pathways that lead us to act with kindness**” to provide the optimal environment and service to effect Tangata Whaiora (patient’s) wellness and recovery.

Te Ara Tauwhirotanga- Pathways that lead us to act with kindness

Model of Care for Mental Health and Addictions for Te Whatu Ora Lakes area

- **Tangata – People**
 - My experience matters
 - Family/Whānau as partners
 - Caring and well supported workforce
 - Connectedness
- **Tikanga –Values**
 - Te Ao Maori: Maori worldview
 - Protecting and promoting wellbeing
 - Easy quick access to help when I need it
 - Healing and recovery
- **Taiao – Environment**
 - A local service presence
 - Equitable outcomes

Key Objectives

Expected Outcomes

Clinical Practice

Ensure that Tangata Whaiora (patients) referred to the Mental Health & Addiction Service are seen as required and will accept referrals from such other persons as may from time to time be directed.

- Efficient and effective clinical practice will ensure that Mental Health & Addiction Services delivery for patients requiring assessment; medication and follow-up are monitored, maintained and evaluated within patient centred model and recovery focus
- All patients will have effective case management as a component of medical practice in conjunction with the assigned key worker.
- The Mental Health & Addictions Service ensure that consumers referred to other service providers have established contact and that the arrangements made for ongoing follow up are communicated to the patients, their families/whanau and their carers; and other service providers, prior to patients exiting or being transferred from the Service.
- Communication and co-ordination between the Mental Health & Addiction Service and community agencies is adequate and timely. The priority of the patient's needs for community management is indicated to the relevant community agencies.
- Psychiatrists will not assume the role of key worker.

Ward work

As specified

Te Whatu Ora Lakes has a single SMO positioned on the Ward.

- As Te Whatu Ora Lakes considers the implementation of Te Ara Tauwhirotaanga Model of Care, we will work closely with the SMO workforce to consider new ways of working which may include requests to move to a different department as service needs change.
- Young people under iCAMHS care, either are admitted to Starship hospital / CFU (Children Family Unit) in Auckland or the Rotorua Paediatric unit. The iCAMHS SMO must liaise with the relevant consultant regarding admission and support the on-going clinical management of the child or young person.
- Although rarely occurs for young people under iCAMHS care temporarily in the Rotorua adult unit (Whare Whakaue), the SMO must liaise with the ward consultant in regards to the clinical management of the patients on the ward, and supervision, support and guidance of the junior medical staff and other clinical staff. There is a weekly Ward Clinical Conference to facilitate this.
- At times it may be necessary to provide leave cover to other departments including the in-patient ward.

Non Clinical time/duties

- Regular participation in Continuing Medical Education and attendance at the departmental weekly teaching programme (Tuesday afternoons 2.30 to 4pm). This is considered part of agreed non-clinical time.
- As appropriate and as approved by the Service Director Mental Health & Addiction Services the Psychiatrist will attend conferences nationally and internationally, local post-graduate meetings and will report to the Mental Health & Addiction Services on the information and knowledge obtained.
- May undertake research during regular working hours as time permits. Any research undertaken and involvement in therapeutic trials shall first have received formal approval of the Research Ethical Committee and shall be in accordance with the protocol of that committee and Te Whatu Ora Lakes policy
- Progress reports will be made to the Research Ethical Committee as requested.

Key Objectives

Expected Outcomes

- The Psychiatrist will develop to the best of his/her ability, computer literacy to enable the best utilisation of modern technology.
- Personal literature review – in accordance with college Continuing Professional Development guidelines.
- Participation in national and regional organisations dedicated to education and maintenance of standards within psychiatry
- Administrative tasks not directly associated with clinics or ward work, (i.e. participation in service meetings, interviews, organisational meetings)
- Preparation of materials for and provision of formal teaching of junior medical staff, nursing staff and other clinical support staff. (Includes teaching of trainee interns and medical students).
- Peer review, audit activities and clinical Pathway development
- Business meetings
- Credentialing
- Participate in Service planning and community consultation as required to identify community service needs.
- Assist the Service Manager in strategic planning to enable the Service management to provide an attainable and financially viable business plan.
- Assist colleagues and appropriate staff in the effective recruitment to the Service of health professionals as required. The Psychiatrist will assist to ensure that the Service remains within budget but consistent with the need to safeguard the welfare of clients and appropriate medical standards.
- Assist with the Service Manager, Head of Department, Line Managers and DAMHS in the inquiry into client complaints or serious incident report

On-Call duties

- Roster frequency 1:6 (2nd on-call), general psychiatry cover (adults, adolescents and older adults). Average 4.33 hours' actual working time per week per psychiatrist.
- Accept a roster that ensures 24-hour service delivery to cover psychiatric emergencies
- Accept direct referrals from the ED and psychiatric referrals from other disciplines in the general hospital
- Provide consultative advice to GPs
- Available to acute psychiatric ward, Mental Health Inpatient Unit staff
- Under the direction of the Service Manager, during regular hours provide the scheduled clinical sessions for colleagues who are unexpectedly unavailable for any reason, so as to ensure least service disruption.
- Medical consultation to Crisis Services will be ensured in order to action all client approaches to the service.
- Be the Responsible Clinician for all Mental Health Act patients when on call out of hours as delegated by the DAMHS.
- Provision of training and supervision of registrars after hours
- When on-call during the week (Monday–Friday) the hours are 0800 – 1600 and 1600 – 0800 as per the Out of Hours roster.
- When on-call for the weekend the hours are 1600 Friday – 0800 Monday
- When on-call the psychiatrist will remain immediately available to respond by phone and able to attend the hospital within (1 hour)

NOTE: *The average level of call-back and acute call activity will be reviewed and amended as changes to staffing occur or as required.*

Key Objectives

Expected Outcomes

Record Keeping and Quality Assurance

Demonstrates a commitment to clinical leadership in cooperation with the Clinical Director Psychiatry and Operational Managers

- To provide advice to the Service Manager / Clinical Director on Standards of Practice.
- As required by the Service Manager Mental Health & Addiction Services, the Psychiatrist will participate in the formulation and implementation of a Quality Assurance Programme which includes the establishment and review, within an agreed time frame, of protocols and procedures for the Mental Health & Addictions Service.
- Participate to ensure that Mental Health & Addiction Services are prepared for accreditation when such accreditation is due.
- Demonstrate commitment to the employer's philosophy of Continuous Improvement and will participate actively in service and individual credentialing systems as these evolve within Te Whatu Ora Lakes.
- In order to maintain high standards of practice, the Psychiatrist will participate regularly with colleagues within and outside the service in a process of peer review and continuing medical education.
- Patient records will be comprehensive, accurate, timely and legible.
- Quality assurance requirement for patient records will be maintained and monitored.
- Referring agencies will receive written reports.
- Information will be made available for input to the patient database.
- Contributions to staff records will be completed as required.

Clinical Resource Management

- Advise the Service Manager Mental Health and Head of Department Psychiatry immediately of any illness which will prevent the Psychiatrist from performing their duties.
- In the event of civil emergency, the Psychiatrist will carry out such other duties as may be required by the Service Manager Mental Health.
- Facilitate, as appropriate consultation with other Mental Health service professionals in respect of care of patients and will encourage and participate in multidisciplinary team meetings discussing the care and treatment of patients.

Patient Advocacy and Cultural Issues

- Ensure that he/she respects the role of any independent patient advocate.
- Respects cultural concerns and ensures cultural safety in patient contacts.
- Respects each individual patient's dignity and rights, and ensures that informed consent is obtained in accordance with service policy before undertaking any procedures.
- Utilises Te Ara Tauwhirotaanga – "Pathways that lead us to act with kindness" model of care to engage with services users/whaiora, whanau/family, visitors and multidisciplinary teams.
- Incorporates and follows the principles of the model of care Te Ara Tauwhirotaanga into day to day business activities.

Relationship building

Liaison with partner organisations

- Develop strong working relationship with partner organisations such as Oranga Tamariki (Ministry of Children), Education and NGO (Non-Government Organisations) e.g. REAL of STAND.
 - Establish agreed roles and responsibilities between services
-

Key Objectives

Expected Outcomes

Statutory requirements

- The Mental Health (Compulsory Assessment and Treatment) Act 1992; and the Amendment Act 2021
- Responsible Clinician role under the MH(CAT)Act 1992 and the Amendment Act 2021.
- Criminal Procedure (Mentally Impaired Persons) 2003
- Alcohol and Drug Act
- Protection of Personal and Property Rights Act 1988
- Code of Health and Disability Services Consumers' Rights
- Privacy Act 2022
- Health Information Privacy Code 2020
- Substance Addiction (Compulsory Assessment and Treatment Act) 2017 - (SACAT).
- The requirements of the Mental Health (Compulsory Assessment and Treatment) Act, the Criminal Procedure Mentally Impaired Persons Act, the Children and Young Persons Act, Alcohol and Drug Act and all other associated acts relevant to the clinical practice of psychiatry will be observed.
- The psychiatrist will carry out all duties and obligations of the role of Responsible Clinician within the meaning of the term in The Mental Health (CAT) Act 1992 and The Amendment Act 2021.
- The psychiatrist will apply for appointment by the Review Tribunal under Sections 59 and 60 of The Mental Health (CAT) Act 1992 and The Amendment Act 2021 (if eligible for appointment) and will then review patients as required.
- Procedures involving patients will meet statutory requirements and be fair and clinically appropriate.
- Any observed deficiency in the system will be promptly investigated and dealt with appropriately following discussions with the Service Manager.
- Take an active role in health promotion and participate in formulating policies that will analyse service activities in this area and advise other professionals accordingly.
- Will instruct, guide, and supervise the work of Junior Medical staff during the course of regular clinical duties, special individual, group or in-service sessions.

Teaching and Training

Provides teaching/supervision of junior Medical Staff, medical students

- Contributes to the workforce development of mental health clinicians by providing education and leadership.
- Participates in the weekly medical education/journal club program.

Utilisation of Telehealth

Provision of patient centric care which will give patients the option of telephone or video appointments where there is no need for an in-person appointment.

- Service provision is in line with the New Zealand Health Strategy and the New Zealand Medical Council guidelines to Telehealth Position statement to provide care "closer to home".
- Provision of patient centric carer which will give patients the option of telephone or video appointments where there is no need for an in-person appointment.
- Advise patients in the use of tele-monitoring devices (where appropriate) and provide follow-up care to prevent unnecessary hospital admissions.

2. About Te Whatu Ora – Lakes

At Lakes we place the highest value on the health and wellbeing of everyone in our community. As such all healthcare workers are expected to play a part in the creation and promotion of an environment which lives the following vision, mission and values:

Vision

Healthy Communities – Mauriora! In this vision Mauriora refers to the Mauri - being the life essence and the source of well-being, and ora - describing the state of wellness.

Strategic Mission

- Achieve equity in Māori health.
- Build an integrated health system.
- Strengthen people, whanau and community wellbeing.

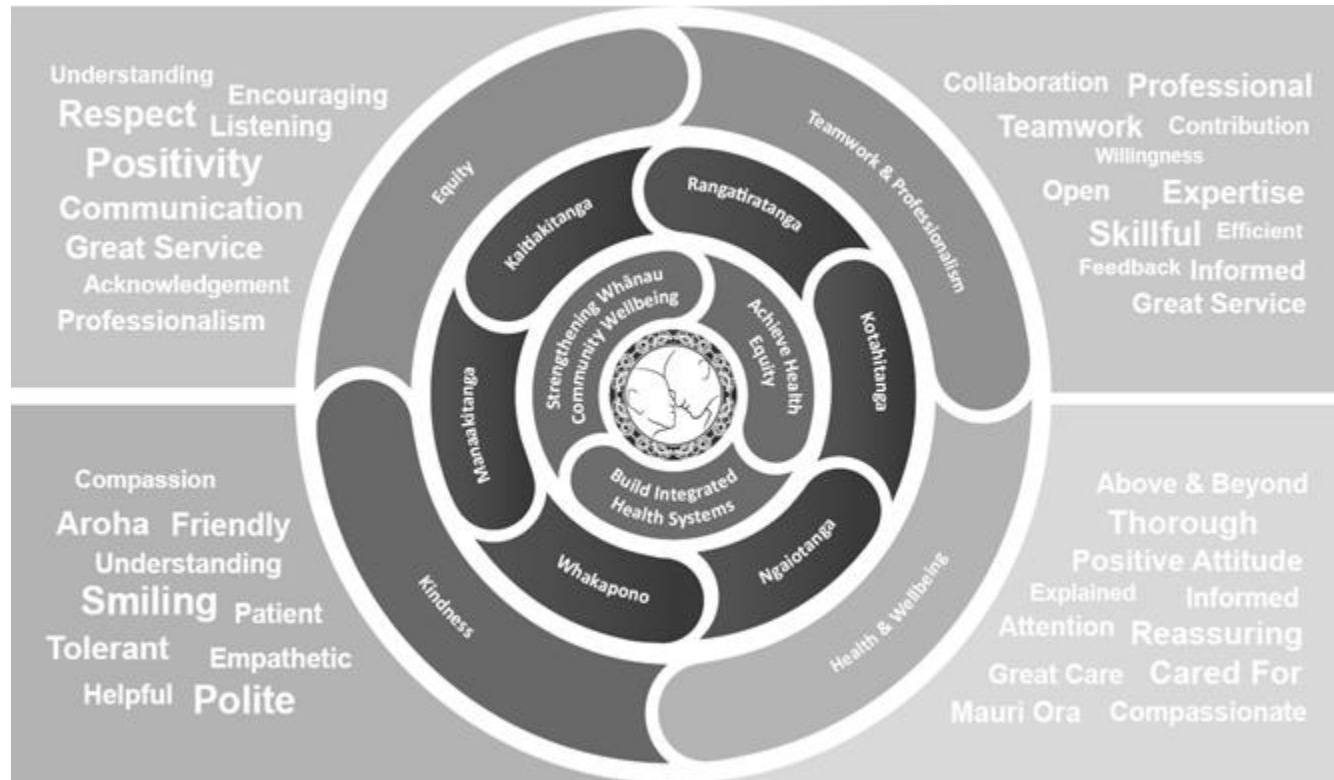

Three Core Values

Manaakitanga Respect and acknowledgment of each other's intrinsic value and contribution.

Integrity Truthfully and consistently acting collectively for the common good.

Accountability Collective and individual ownership for clinical and financial outcomes and sustainability.

3. Te Iti Kahurangi – The Lakes Way, Our Place, Our Culture – We Will

4. Te Tiriti O Waitangi

Our expression of Te Tiriti o Waitangi

The text of Te Tiriti, including the preamble and the three articles, along with the Ritenga Māori declaration, are the enduring foundation of our approach to achieving health and independence. Based on these foundations, we will strive to achieve the following four goals, each expressed in terms of mana.

Mana whakahaere

Effective and appropriate kaitiakitanga and stewardship over the health and disability system. Mana whakahaere is the exercise of control in accordance with tikanga, kaupapa and kawa Māori. This goes beyond the management of assets and resources and towards enabling Māori aspirations for health and independence.

Mana motuhake

Enabling the right for Māori to be Māori (Māori self-determination); to exercise their authority over their lives and to live on Māori terms and according to Māori philosophies, values and practices, including tikanga Māori.

Mana tangata

Achieving equity in health and disability outcomes for Māori, enhancing the mana of people across their life course and contributing to the overall health and wellbeing of Māori.

Mana Māori

Enabling Ritenga Māori (Māori customary rituals), which are framed by Te Ao Māori (the Māori world), enacted through tikanga Māori (Māori philosophy and customary practices) and encapsulated within mātauranga Māori (Māori knowledge).

Lakes is committed within the framework of the New Zealand Public Health and Disability Act (2000) to supporting the Crown's commitment to upholding its Tiriti promises.

5. Organisation Structure
